PROFESSIONAL SUMMARY

Computer Science and Engineering graduate with hands-on experience in Python development and frontend web application development. Skilled in Python, Django, JavaScript, TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS, SQL, and REST API integration. Experienced in developing responsive web applications, reusable UI components, database-driven solutions, CRUD operations, and dynamic data handling. Familiar with Django ORM, MySQL, PostgreSQL, debugging, performance optimization, and software development practices. Interested in building scalable web applications by combining strong backend logic with modern frontend technologies.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, TypeScript, SQL, Java (Basic)
Frontend Technologies: HTML5, CSS3, React.js, Next.js, Tailwind CSS, Responsive Web Design, SCSS/SASS
Backend Technologies: Python, Django, Node.js, REST API Development, API Integration, CRUD Operations, JSON Handling, Django ORM, Backend Logic
Database Technologies: MySQL, PostgreSQL, SQLite, SQL Queries, Relational Database Management
Libraries and Concepts: OpenCV, BERT, Machine Learning Fundamentals, Deep Learning Fundamentals, NLP, Computer Vision
Development Tools: Git, GitHub, VS Code, Postman, Thunder Client, Figma
Software Development: Object-Oriented Programming, Debugging, Troubleshooting, Error Handling, Functional Testing, Performance Optimization, SDLC
Professional Skills: Problem Solving, Analytical Thinking, Communication, Team Collaboration, Adaptability, Quick Learning

PROFESSIONAL EXPERIENCE

FrontEnd Developer Intern — **July 2026 – Present**
Valoriz Digital (Mozanta Technologies) — *Technopark, Trivandrum*

- Developed responsive web interfaces using React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Converted Figma designs into reusable UI components and responsive layouts for different screen sizes.
- Implemented animations, transitions, hover effects, and smooth scrolling to improve user experience.
- Integrated REST APIs, handled dynamic data rendering, and performed debugging and cross-browser compatibility testing.
- Collaborated with developers and designers throughout the software development lifecycle.

Software Developer Intern — **November 2025 – March 2026**
BlueRipples Technologies — *Trivandrum, Kerala*

- Developed and maintained responsive web applications using React.js, JavaScript, HTML5, and CSS3.
- Built reusable React components and responsive layouts for desktop, tablet, and mobile devices.
- Integrated REST APIs, processed JSON responses, rendered dynamic data, and supported frontend-backend communication.
- Implemented CRUD operations, search, pagination, filtering, and sorting functionalities.
- Used debouncing, lazy loading, and Intersection Observer to improve frontend performance and reduce unnecessary API requests.
- Performed debugging, functional testing, troubleshooting, and cross-browser compatibility checks.

PROJECTS

Smart Resume Analyzer — *Python, Django, PyPDF2, SQL*

- Developed a Django-based application for resume analysis, skill detection, keyword extraction, and resume

scoring.
- Implemented resume text extraction and job-role recommendation functionality based on resume content and relevant skills.

Virtual Interview Preparation Coach *Python, OpenCV, BERT, Machine Learning*
- Developed an AI-powered interview preparation application to evaluate candidates' interview performance using facial emotion detection and sentiment analysis.
- Implemented facial emotion detection using OpenCV and a Convolutional Neural Network (CNN).
- Used BERT for sentiment analysis and integrated speech recognition and text-to-speech functionality.

Anti-Ragging Solution Website *React.js, Node.js, MySQL*
- Developed a full-stack web application with REST API integration and MySQL database connectivity.
- Worked on authentication, data validation, and application troubleshooting.

MAGRABi UAE *React.js, TypeScript, Tailwind CSS*
- Developed responsive e-commerce interfaces using Figma-based UI designs, animations, smooth scrolling, and mobile-friendly layouts.

ADDITIONAL TRAINING

Python Django Full Stack Developer Training **July 2025 – February 2026**
Luminar Technolab *Remote*

- Learned Python programming, Django framework, Object-Oriented Programming, and full-stack development concepts.
- Practiced Django ORM, MVT architecture, REST APIs, CRUD operations, and MySQL integration.
- Worked on backend business logic, API integration, data validation, debugging, and database operations.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science and Engineering **2021 – 2025**
TKM Institute of Technology, Karuvellil, Kollam *CGPA: 7.95/10*

Minor: Biomedical Engineering

Higher Secondary Education (Class XII) **2020 – 2021**
TKM HSS Karikode, Kollam *96.5%*

Secondary School Leaving Certificate (SSLC) **2019 – 2020**
TKM HSS Karikode, Kollam *98%*

CERTIFICATIONS

- Fundamentals of Artificial Intelligence – NPTEL, IIT Guwahati.
- Introduction to Machine Learning – NPTEL, IIT Kharagpur.
- Python (Basic) – HackerRank.
- React (Basic) – HackerRank.
- Cloud SAP ERP Internship Certification – Innoval Digital Solutions.
- Full Stack Web Development Workshop – TATHVA'22, NIT Calicut.

ACHIEVEMENTS & ACTIVITIES

- Secured Second Prize in an inter-college basketball competition.
- Volunteered as a Mathematics Teacher under Project Ganitham, mentoring students in Grades 8–10.
